PROFESSIONAL EXPERIENCE

Frontend Developer, ING (by Huxley)

09/2023 – Present

Building and maintaining large-scale banking applications with JavaScript, Lit, and Web Components, leveraging automated testing and AI-assisted development within a collaborative remote team.

Fullstack JavaScript Developer, Uxland

08/2017 – 08/2023

Worked as a full-stack developer on large-scale healthcare applications, building Node.js APIs and developing JavaScript frameworks and libraries. Used Lit, TypeScript, Redux, vanilla JavaScript, Web Components, HTML, CSS, React, and Git, with a strong focus on clean architecture, clean-code principles, proven design patterns, and long-term maintainability.

Desarrollador e-commerce, Güell Consulting

09/2014 – 07/2017 | Mataró

Worked across full-stack web development and design, building and maintaining e-commerce solutions with Python-based backends deployed on Apache Linux servers. This experience provided the practical and technical foundation for my career in frontend engineering.
